LOCAL IMMIGRATION
PARTNERSHIP

St. John's LIP Newsletter July 2022

The St. John's Local Immigration Partnership is a broad-based partnership designed to support the well-being and participation of newcomers in all aspects of life in the city, as well as to strengthen the city's ability to integrate newcomer needs into municipal planning processes. The St. John's LIP is co-led by the City of St. John's and the Association for New Canadians and funded by Immigration, Refugees and Citizenship Canada.

In this Newsletter:

You will notice that there will be more links than usual, if bolded or in colour, it often means they are active and meant to be **clicked**. Evolving in our Post-Pandemic response to COVID-19, please be aware that workshops and webinars will, too.

Programs & Initiatives

ANC Fundraising

As the ANC welcomes newcomers to the province, we need your support. As part of

the ANC's Refugee Fund, the money raised through this campaign will be used to help provide short-term financial support for families as well as to help deliver vital programs and initiatives that are essential to

newcomer integration. More specifically, funds may be used to support women, children and youth, and other vulnerable individuals.

Visit our **website** to access our Third-Party Event Guide. It can help you with your planning and provide a starting point for activity ideas.

We are grateful to all the compassionate communities across Newfoundland & Labrador.

July 30: World Day Against Trafficking in Persons

The SEA project invites newcomer women who are at risk of or have lived experiences of human trafficking, sex or labor exploitation to join our peer leadership group. Join us to commemorate 'World Day against Trafficking in Persons' on July 30th at the MUN Botanical Gardens. All stakeholders and interested persons should email sea@ancnl.ca for invites to this event.

ANC Men's Group

The Men's Group is an initiative by The Association for New Canadians to give men a chance to support each other. We meet twice a month and offer activities in which members can participate in social activities like bowling, physical activities, hiking and educational activities like presentations from post secondary institutions.

To contact the organizer: Email: aadam@ancnl.ca

Family Match Program

Seeking volunteers to welcome newcomers!

As a part of the ANC's Family Match Program, we are seeking out family volunteers. The program matches current residents with newcomer families and individuals.

What's the benefit? Not only does the program lead to social-cultural exchange between parents and children, it also provides important informal connections for newcomers to help show them the sights, where to shop, and find new friends.

To get more information or to sign up for the program, send an email to volunteer@ancnl.ca.

Free evening English classes

The Association for New Canadians offers FREE evening English conversation classes to all newcomers. This is the perfect opportunity to practice English by speaking with others.

In-person classes are on Monday and Wednesday evenings from 7-9 p.m. at the ANC's ESL Training Centre 148 Elizabeth Avenue (off Smithville

Crescent). Drop-ins are welcome. For more information, contact the ESL Training Centre: e-mail linc@ancnl.ca or phone 709-726-6848.

Journey of Hope

The Journey of Hope is an initiative by the ANC that gives newcomer youth ages 15-34 the opportunity to make meaningful art based on their own resiliencies and personal stories, and to create a social support network in small group settings. It is a 10-week program held weekly. In the next few cycles, we are partnering with Community Centres to expand our reach with this amazing project. Recruitment is ongoing for future groups. If anyone is interested in hearing more, they can contact Teresa at Tfairbridge@ancnl.ca

Seeking translators and interpreters

The Association for New Canadians is recruiting speakers of Swahili and Tigrinya as interpreters to facilitate the communication process for the new immigrants.

To find out more about the next session, please contact malkahki@ancnl.ca

Call for school supplies

At the Association for New Canadians, back to school is all year round as children arrive in the province with their families every month of the year. The ANC supplies every child and youth entering the NL school system with a backpack full of essential supplies – and we can't do it without the help of generous donors.

Pencils, crayons, exercise books, math sets, backpacks – if your child needed it, odds are good that our clients' children will too. Contact the ANC's Child and Youth Programs team if you would like to help out: cayp@ancnl.ca

We create a more welcoming province every time we connect with others to raise awareness and foster empathy for refugees who are now making Newfoundland and Labrador home.

BLACK BUSINESS INITIATIVE EXPANDS ACROSS ATLANTIC CANADA

The Black Business Initiative (BBI) has expanded beyond Nova Scotia (NS) and is now operating in New Brunswick (NB), Newfoundland and Labrador (NL), and Prince Edward Island (PEI).

BBI has been selected as a delivery organization for the Black Entrepreneurship Program (BEP) Ecosystem in Atlantic Canada, specifically to strengthen and broaden existing support for Black businesses and entrepreneurs in NS, and to expand services and programs to all Atlantic Canadian provinces.

BBI has a physical presence in NB and NL – as well as support for Black entrepreneurs in PEI - in the form of two Entrepreneurship Engagement Managers (EEMs).

If you are a current or aspiring Black entrepreneur in NB, please contact Jocelyn Stevens at stevens.jocelyn@bbi.ns.ca to find out how BBI can support you. Black entrepreneurs in NL and PEI can contact Precious Familusi at familusi.precious@bbi.ns.ca.

Support for Black Businesses

Below is a list of business support programs being offered by BBI to Black businesses in Atlantic Canada:

- Business development support including counselling, advising, access to information, resources, and mentorship opportunities
- Entrepreneurial development and business skills training
- Access to funding, procurement and supply chains, and scaling opportunities
- Communication, marketing, and promotion strategies for businesses
- Youth entrepreneurship programming through Business is Jammin' (BIJ).

Although the BEP Ecosystem is a four-year project, BBI expects to continue providing these services across Atlantic Canada beyond the duration of the project.

About BEP

BEP is a partnership between the Government of Canada, Black-led business organizations, and financial institutions. The components of the program are:

- The Black Entrepreneurship Loan Fund to provide loans of up to \$250,000 to Black businesses
- The Black Entrepreneurship Knowledge Hub to conduct research on Black entrepreneurship in Canada
- The National Ecosystem Fund to support not-for-profit, Black-led business organizations in their capacity to provide support, mentorship, financial planning, and business training for Black entrepreneurs.

About BBI

The Black Business Initiative is Canada's longest-serving Black business development initiative. BBI is a not-for-profit organization committed to growing a stronger Black presence in Atlantic Canada's business community. For more information about BBI, its programs and services, please visit bbi.ca or email bbi@bbi.ns.ca.

Quotes

"For 25 years, BBI has proven that the success of Black entrepreneurs has a direct and indelible impact on Nova Scotia's economy. As we continue to grow and evolve, it is crucial that Black businesses in Newfoundland and

Labrador, Prince Edward Island and New Brunswick can join us. With the support of the Black Entrepreneurship Program Ecosystem, we are proud to embark on this milestone expansion. We look forward to years of collaboration with new and existing Black businesses and with all our partners across Atlantic Canada.”

- *S.I. Rustum Southwell, interim CEO, Black Business Initiative*

“The Black Entrepreneurship Program is reducing barriers Black entrepreneurs face in accessing financing and support services. BBI’s ecosystem services are critical in helping Black entrepreneurs and business owners get the mentorship, financial advice and business skills they need to start up, scale up and access new markets. Congratulations to BBI for launching its services and supporting Black entrepreneurs throughout Atlantic Canada.”

- *The Honourable Mary Ng, Minister of International Trade, Export Promotion, Small Business and Economic Development*

“Building a strong Black presence in business and entrepreneurship diversifies our economic base, creates jobs, and powers growth. BBI has demonstrated this through its positive impact on Nova Scotia’s business community over the past 25 years. We’re pleased to support BBI as it extends its influence across Atlantic Canada to reach more Black communities and fuel inclusive growth in the years to come.”

- *The Honourable Ginette Petitpas Taylor, Minister of Official Languages and Minister responsible for the **Atlantic Canada Opportunities Agency (ACOA)***

Collective Interchange was the NL delivery partner for a Women's Economic Council's national participatory research project funded by Immigration, Refugees and Citizenship Canada (IRCC) throughout September 2019 - July 2021.

This research project we helped deliver confirmed that many immigrant women we engaged in NL were not connected to free, government-funded services. Aside from the isolation they often face, many of the programs offered in the community have eligibility criteria that excludes immigrants because of their immigration status, language level, employment status etc. Many immigrant women, including those who successfully secured Canadian Citizenship, fail to live their best selves, some struggling to navigate employment or business options in Canada. They are also under-represented in leadership, on boards, in senior management while being over-represented in precarious work and in poverty.

In September 2021, Collective Interchange embarked on a 3-year capacity building project, funded by the Federal department of Women and Gender Equality Canada (WAGE), focused on addressing systemic barriers faced by visible minority immigrant women in Newfoundland. This project as a feminist response to the impacts of COVID-19, particularly for immigrant women earning a living through employment, micro businesses, home-based businesses, small businesses and/or cooperatives, is a collaborative learning experience providing opportunities for immigrant women and service providers to work together to explore solutions for addressing barriers impacting accessibility and use of resources by immigrant women.

If you know someone who is ready to launch a business, Futurpreneur is here to help!

Aspiring entrepreneurs from across Canada can join **Futurpreneur experts** at the **Free Rock My Business workshop series!**

Supported by RBC Future Launch, the series includes three online workshops that will help aspiring entrepreneurs begin their entrepreneurship journey:

- Rock My Business **Idea**: Learn how to evaluate your business **idea** and define next steps to move it forward.
- Rock My **Business Plan**: Learn the essential elements of a solid **business plan** and get started on your plan.
- Rock My **Cash Flow**: Learn how to project a realistic **cash flow**, including start-up costs, sales and expenses.

Additionally, participants who complete at least two of the workshops are eligible to receive a **30-minute one-on-one coaching session** from a Futurpreneur Entrepreneur in Residence, helping you strengthen your idea and business plan further.

Workshops kick off the week of **July 4th** (next week)!! If you know someone aged 18-39 who needs direction to develop their business idea, already has a strong business idea OR recently launched a small business that they'd like to grow, please **encourage them to register today** for the series!

CONTACT THE CHAIRPERSON OF THE ICEHR AT ICEHR@MUN.CA OR BY TELEPHONE OR (709) 864-2861.**

Greetings!

I am writing to invite you to participate in a research project entitled, Experiences of Mental Health Counselling for Racialized People in Newfoundland and Labrador. The study is being conducted by myself, Camila Fujiwara, graduate student at the School of Social Work, Memorial University of Newfoundland and Labrador. The goal of this study is to better understand the experiences of navigating mental health counselling for racialized people living in Newfoundland and Labrador.

I am looking for people who currently live or have lived in Newfoundland and Labrador. I am looking to explore experiences of accessing (or trying to access) mental health counselling after the year 2020. You must be over the age of 18 and self-identify as racialized.

Your participant would be greatly appreciated and is completely voluntary.

This study is not a requirement of any organization, and your decision whether to participate will not be reported.

Should you agree to participate, your identity will be anonymized, and all other identifying information will be removed and replaced with pseudonyms on our transcripts and publications.

You will be asked to:

- Participate in a 60-to-90-minute audio-recorded interview via Webex about your experiences of accessing mental health counselling and how that has impacted you. Hand-written notes will also be taken.
- Agree to participate in a 30-minute follow-up interview to clarify the findings of the initial interview and to review your audio transcription.

Please keep in mind that the purpose of this research is not to study individual participants, but rather the organizational processes and identify the overall theme. Our objectives are to better understand how racialized people navigate mental system when they access (or try to access) mental health counselling in Newfoundland and Labrador; to explore how racism impacts racialized people's need to access mental health counselling; and to advance anti-racist knowledge and analysis about racism and mental health services within social work and other professions.

If you are interested or have any questions, please feel free to contact me at **cfujiwara@mun.ca** or by phone at 709-500-4300. You can also contact my MSW thesis supervisor, Dr. Sobia Shaikh, at **sshaikh@mun.ca**.

Please note: this research has been reviewed and approved by the Interdisciplinary Committee on Ethics in Human Research, Memorial University's Ethics Review Board and conforms to the standards of the Canadian Tri-Council Research Ethics guidelines. If you have ethical concerns about the research, such as the way you have been treated or your rights as a participant, you may contact the Chairperson of the ICEHR at **icehr@mun.ca** or by telephone at (709) 864-2861.

Join the **Instrumental Connections Program** and benefit from direct contact with people who are in the habit of making introductions and connecting others to opportunities. Through one-on-one meetings with Connectors who work in the music industry you will:

- Learn about the local music industry
- Enhance your networking skills
- Build a professional network
- Improve your job search

The Connector Program's innovation and effectiveness lies within three simple steps:

- 1) Local immigrant serving organizations and post-secondary career centers refer employment-ready participants (Connectees) to the program.
- 2) Program staff coach the Connectee and match them with a Connector in their field.
- 3) The Connector and Connectee meet face-to-face. After the meeting, the Connector links the participant to at least three other people in their business network. Those three people also refer three more people to the Connectee.

The lantern (35
Barnes Road, St
John's)

the greater St. John's area and throughout the province for the month of June! All activities are either free or \$5 or less.

Looking for something to do with your friends/family after work or on the weekend? Look no further than our monthly community calendar!

There are events and activities for everyone- no matter your age or interests and you don't even have to have a neuropsychiatric condition for most activities! From meditation, to exercise, to arts and crafts, educational activities, support groups, and more. For example, learning a new skill is a great way to keep our brains (injured and non injured alike) in tip top shape! These activities are great to promote neuroplasticity in individuals of ALL ages, but are particularly helpful for those with brain injury and other brain-health-related conditions because they will encourage brain repair.

Furthermore they are a fantastic way to keep your brain in top tip shape well into old age (if done on a regular basis)!

If you're wondering how often you would need to do these activities to reap the benefits, the answer is: as often as you can! More activities = more neuroplasticity!

Many events are being offered in person, virtually, or both! Some events require pre-registration so please ensure you read all details in the original event listings. Also note that some events are targeted to specific age groups or genders, so be sure to read all the details or contact the organization prior to an activity that you're interested in.

If you know of other free or low cost events that you would like to include in our calendar, please do let us know. Events from anywhere in Newfoundland and Labrador and welcome.

Here's the link: https://docs.google.com/document/d/1r-tAvKMxcCoYFrQfyc_zmbIdDmUW0h101eWIF5voa4I/edit?usp=sharing

Keep checking back often at the link provided as updates will be made to the calendar on a frequent basis.

We are proud to offer residents of Newfoundland and Labrador a free exercise program we have for adults with neuropsychiatric conditions (which includes any form of brain/neurological injury). This program is meant to promote brain health since exercise stimulates the growth of new brain cells, improves focus and concentration, reduces inflammation, among MANY other benefits!

Our program takes place on Monday evenings from 6:30-8:30pm at the Lantern (35 Barnes Road, St. John's).

Submit Your Events and Get Involved

Do you have an upcoming event the community should know about? Would you like us to highlight a successful program or initiative? Get in touch if you wish to have your organization's work or event included in our newsletter.

We send out a monthly newsletter, so please send your August updates by July 28, 2022

The St. John's LIP also has many opportunities for you to get involved. It is comprised of over 60 volunteers who participate through involvement on the Partnership Council or on one of our three working groups: **Welcoming + Wellness, Employment + Skilled Labour, and Education + Training** - we welcome your passion in one of these areas to help us uplift and empower our newcomer community.

Contact sgardner@stjohns.ca for more information or to get involved.
