are partnering with Community Centres to expand our reach with this amazing project. Recruitment is ongoing for future groups. If anyone is interested in hearing more, they can contact Teresa at

Family Match Program

Seeking volunteers to welcome newcomers!

As a part of the ANC's Family Match Program, we are seeking out family volunteers. The program matches current residents with newcomer families and individuals.

What's the benefit? Not only does the program lead to social-cultural exchange between parents and children, it also provides important informal connections for newcomers to help show them the sights, where to shop, and find new friends.

To get more information or to sign up for the program, send an email to **volunteer@ancnl.ca**.

Free evening English classes

The Association for New Canadians offers FREE evening English conversation classes to all newcomers. This is the perfect opportunity to practice English

by speaking with others.

In-person classes are on Monday and Wednesday evenings from 7-9 p.m. at the ANC's ESL Training Centre 148 Elizabeth Avenue (off Smithville Crescent). Drop-ins are welcome. For more information, contact the ESL Training Centre: e-mail **linc@ancnl.ca** or phone 709-726-6848.

WELCOME RAINBOW PROJECT

Based on their identity, 2SLGBTQIA+ people and individuals with diverse Sexual Orientation, Gender Identity, Gender Expression, and Sexual Characteristics (SOGIESC) are facing displacement, persecution and violence all over the world.

Welcome Rainbow is an ANC run project which aims to build a safe, antiracist, and anti-oppressive space to welcome and embrace newcomers and refugees facing discrimination and inequality. The project supports the various needs of individuals with diverse SOGIESC in every step of the settlement process in Newfoundland and Labrador.

The ANC is inviting members of the 2SLGBTQIA+ community and allies to connect with us in our efforts against homophobia and transphobia, and to work with us to create a safer space and community for diverse SOGIESC newcomers.

Please contact Rachel West at rwest@ancnl.ca to find out more information about the Welcome Rainbow Project. **https://www.ancnl.ca/welcome-rainbow/**

Seeking translators and interpreters

The Association for New Canadians is recruiting speakers of Swahili and Tigrinya as interpreters to facilitate the communication process for the new immigrants.

To find out more about the next session, please contact **malkahki@ancnl.ca**

Call for school supplies

At the Association for New Canadians, back to school is all year round as children arrive in the province with their families every month of the year. The ANC supplies every child and youth entering the NL school system with a backpack full of essential supplies – and we can't do it without the help of generous donors.

Pencils, crayons, exercise books, math sets, backpacks – if your child needed it, odds are good that our clients' children will too. Contact the ANC's Child and Youth Programs team if you would like to help out: **cayp@ancnl.ca**

SEA Project

The Support Empowerment Access (SEA) Project is the first and only antihuman trafficking project in Newfoundland and Labrador that uses a holistic and collaborative approach to supporting immigrants and migrants impacted by or at risk of human trafficking.

We are forming an Advisory Committee formed of subject matter experts and newcomers. We are currently looking for newcomers with lived experiences and expertise in labour and sex trafficking/exploitation to join the Advisory Committee.

Recently, we have partnered with Womenatthecentre, a survivor-led organization based in Ontario that foregrounds gender-based violence in its programming and advocacy. We look forward to collaborating with them through their anti-human trafficking initiative, *The Embedding, Resilience, and Grounding Resistance Project.*

For more information about SEA or if you are a newcomer interested in joining the Advisory Committee, email **sea@ancnl.ca**

Would you and your family like to be involved in a cultural exchange with a newcomer family?

THE PROPOSAL FOR THIS RESEARCH HAS BEEN REVIEWED BY THE INTERDISCIPLINARY COMMITTEE ON ETHICS IN HUMAN RESEARCH AND FOUND TO BE IN COMPLIANCE WITH MEMORIAL UNIVERSITY'S ETHICS POLICY. FINDINGS WILL BE ANONYMIZED AND REPORTED WITHOUT IDENTIFIERS. IF YOU HAVE ETHICAL CONCERNS ABOUT THE RESEARCH, SUCH AS THE WAY YOU HAVE BEEN TREATED OR YOUR RIGHTS AS A PARTICIPANT, YOU MAY CONTACT THE CHAIRPERSON OF THE ICEHR AT ICEHR[A]MUN.CA OR BY TELEPHONE OR (709) 864-2861.

Greetings!

I am writing to invite you to participate in a research project entitled, Experiences of Mental Health Counselling for Racialized People in Newfoundland and Labrador. The study is being conducted by myself, Camila Fujiwara, graduate student at the School of Social Work, Memorial University of Newfoundland and Labrador. The goal of this study is to better understand the experiences of navigating mental health counselling for racialized people living in Newfoundland and Labrador.

I am looking for people who currently live or have lived in Newfoundland and Labrador. I am looking to explore experiences of accessing (or trying to access) mental health counselling after the year 2020. You must be over the age of 18 and self-identify as racialized.

Your participant would be greatly appreciated and is completely voluntary.

This study is not a requirement of any organization, and your decision whether to participate will not be reported.

Should you agree to participate, your identity will be anonymized, and all other identifying information will be removed and replaced with pseudonyms on our transcripts and publications.

You will be asked to:

• Participate in a 60-to-90-minute audio-recorded interview via Webex about your experiences of accessing mental health counselling and how that has impacted you. Hand-written notes will also be taken.

• Agree to participate in a 30-minute follow-up interview to clarify the findings of the initial interview and to review your audio transcription.

Please keep in mind that the purpose of this research is not to study individual participants, but rather the organizational processes and identify the overall theme. Our objectives are to better understand how racialized people navigate mental system when they access (or try to access) mental health counselling in Newfoundland and Labrador; to explore how racism impacts racialized people's need to access mental health counselling; and to advance anti-racist knowledge and analysis about racism and mental health services within social work and other professions.

If you are interested or have any questions, please feel free to contact me at **cfujiwara@mun.ca** or by phone at 709-500-4300. You can also contact my MSW thesis supervisor, Dr. Sobia Shaikh, at **sshaikh@mun.ca**.

Please note: this research has been reviewed and approved by the Interdisciplinary Committee on Ethics in Human Research, Memorial University's Ethics Review Board and conforms to the standards of the Canadian Tri-Council Research Ethics guidelines. If you have ethical concerns about the research, such as the way you have been treated or your rights as a participant, you may contact the Chairperson of the ICEHR at **icehr@mun.ca** or by telephone at (709) 864-2861.
