Programs & Initiatives

Journey of Hope

The Journey of Hope is an initiative by the ANC that gives newcomer youth ages 15-34 the opportunity to make meaningful art based on their own resiliencies and personal

stories, and to create a social support network in small group settings. It is a 10-week program held weekly. In the next few cycles, we are partnering with Community Centres to expand our reach with this amazing project.

Recruitment is ongoing for future groups. If anyone is interested in hearing more, they can contact Teresa at **Tfairbridge@ancnl.ca**

We are celebrating the partnership with RBC Foundation who funds Journey of Hope with an art exhibition from the project at RBC On Campus (University Centre) during Mental Health Week (May 2-8)

Family Match Program

Seeking volunteers to welcome newcomers!

As a part of the ANC's Family Match Program, we are seeking out family

volunteers. The program matches current residents with newcomer families and individuals.

What's the benefit? Not only does the program lead to social-cultural exchange between parents and children, it also provides important informal connections for newcomers to help show them the sights, where to shop, and find new friends.

To get more information or to sign up for the program, send an email to **volunteer@ancnl.ca**.

Free evening English classes

The Association for New Canadians offers FREE evening English conversation classes to all newcomers. This is the perfect opportunity to practice English by speaking with others.

In-person classes are on Monday and Wednesday evenings from 7-9 p.m. at the ANC's ESL Training Centre 148 Elizabeth Avenue (off Smithville Crescent). Drop-ins are welcome. For more information, contact the ESL Training Centre: e-mail **linc@ancnl.ca** or phone 709-726-6848.

WELCOME RAINBOW PROJECT

Based on their identity, 2SLGBTQIA+ people and individuals with diverse Sexual Orientation, Gender Identity, Gender Expression, and Sexual Characteristics (SOGIESC) are facing displacement, persecution and violence all over the world. Welcome Rainbow is an ANC run project which aims to build a safe, anti-racist, and anti-oppressive space to welcome and embrace newcomers and refugees facing discrimination and inequality. The project supports the various needs of individuals with diverse SOGIESC in every step of the settlement process in Newfoundland and Labrador.

The ANC is inviting members of the 2SLGBTQIA+ community and allies to connect with us in our efforts against homophobia and transphobia, and to work with us to create a safer space and community for diverse SOGIESC newcomers.

Please contact Rachel West at rwest@ancnl.ca to find out more information about the Welcome Rainbow Project. **<https://www.ancnl.ca/welcome-rainbow/>**

Seeking translators and interpreters

The Association for New Canadians is recruiting speakers of Swahili and Tigrinya as interpreters to facilitate the communication process for the new immigrants.

To find out more about the next session, please contact malkahki@ancnl.ca

Call for school supplies

At the Association for New Canadians, back to school is all year round as children arrive in the province with their families every month of the year. The ANC supplies every child and youth entering the NL school system with a backpack full of essential supplies – and we can't do it without the help of generous donors.

Pencils, crayons, exercise books, math sets, backpacks – if your child needed it, odds are good that our clients' children will too. Contact the ANC's Child and Youth Programs team if you would like to help out: cayp@ancnl.ca

SEA Project

The Support Empowerment Access (SEA) Project is the first and only anti-human trafficking project in Newfoundland and Labrador that uses a holistic and collaborative approach to supporting immigrants and migrants impacted by or at risk of human trafficking.

We are forming an Advisory Committee formed of subject matter experts and newcomers. We are currently looking for newcomers with lived experiences and expertise in labour and sex trafficking/exploitation to join the Advisory Committee.

Recently, we have partnered with Womenatthecentre, a survivor-led organization based in Ontario that foregrounds gender-based violence in its programming and advocacy. We look forward to collaborating with them through their anti-human trafficking initiative, *The Embedding, Resilience, and Grounding Resistance Project*.

For more information about SEA or if you are a newcomer interested in joining the Advisory Committee, email sea@ancnl.ca

Join the **Instrumental Connections Program** and benefit from direct contact with people who are in the habit of making introductions and connecting others to opportunities. Through one-on-one meetings with Connectors who work in the music industry you will:

- Learn about the local music industry
- Enhance your networking skills
- Build a professional network
- Improve your job search

The Connector Program's innovation and effectiveness lies within three simple steps:

- 1) Local immigrant serving organizations and post-secondary career centers refer employment-ready participants (Connectees) to the program.
- 2) Program staff coach the Connectee and match them with a Connector in their field.
- 3) The Connector and Connectee meet face-to-face. After the meeting, the Connector links the participant to at least three other people in their business network. Those three people also refer three more people to the Connectee.
